HACKENSACK TRUST COMPANY

CAPITAL. - \$150,000. SURPLUS. \$50,000.

Offers its services for the safe keeping and judicious management of Trust funds.

A special feature of this institution is its Savings Bank Department, by which its patrons are enabled to deposit their savings near their homes, and thus avoid the risk, expense and loss of time attendant upon depositing at a distance. This department will be conducted on a conservative basis, with the capital and surplus of the Company of \$200,000 as an additional security to depositors. Sums from \$1.00 upwards received at interest at the rate of three and a half per cent. per

Money deposited before January 10, April 10, July 10 and October 10, will bear interest from January 1, April 1, July 1, October 1, respectively. Interest credited every three months.

The Company acts as Executor, Guardian, Trustee, Registrar or Transfer Agent; also collects interest, dividends, rents and other income for residents or non-residents.

Will loan money on mortgage upon real estate. Favorable terms for repayment of mortgage loans by instalments.

Loans money on call or for a fixed time on approved collateral.

Investments of trust funds solicited from Executors, Administrators and others, with whom a special rate of interest can be arranged.

Bills of exchange on European countries at current rates. Letters of credit for travelers issued, available in all parts of the world.

Accounts received subject to check at sight.

For the convenience of patrons the Trust Company will remain open for business on Wednesday and Saturday evenings, from 6 to 8 o'clock.

Are Your Lungs or Throat Affected?

IF SO, GO TO SULLIVAN COUNTY, NEW YORK; YOU CAN GET THERE IN A RIDE OF LESS THAN THREE HOURS, FROM ANY STATION ON THE

NEW YORK, ONTARIO & WESTERN RAILWAY, (WEST SHORE RAILROAD), IN BERGEN COUNTY, N. J.

Don't go to Colorado or North Carolina at a large expense. The world famed lung specialist, Dr. A. L. Loomis, through a long series of experiments, demonstrated that the climatological conditions of this section, in winter or summer, were far better for the cure and prevention of phthisis than any point in the west or south. He located, near Liberty, N. Y., the Loomis Sanitarium, and the great number of cures effected bear out his judgment.

The most prominent lung and throat specialists in New York and Brooklyn send their patients there.

The region is 2,000 feet above the sea; there are no fogs, no stagnant waters no poisonous vapors, and malaria is unknown. Pure air, pure water, pure milk in abundance.

Send a two cent stamp for a copy of "Winter Homes," giving a list of the sanitariums in and about Liberty, or seven cents in stamps for a "Summer Homes," giving list of the farm and boarding houses for the summer months, to

A few years ago, comparatively, it was impossible to get a preparation of Charcoal that could be used with any degree of comfort.

It was a disagreeable, dusty commodity; almost impossible to mix with water, hence discarded almost entirely for medicinal use.

A great improvement on this has been made in MURRAY'S CHARCOAL TABLEIS.

First the Charcoal is put through a peculiar calcining process, which makes it perfectly pure for medicinal purposes. The taste is positively agreeable, as is proven by the fondness that persons have for it after once trying the same.

One of the most disagreeable symptoms of dyspepsia is the formation of gases which distend the stomach, causing extreme pain and annoyance.

MURRAY'S CHARCOAL TABLETS used in these cases is the best absorbent for this gas that can be used.

Incidentally they are also admirable as a dentifrice and as a sweetener of the breath.

The "Massachusetts Medical Journal" says that in their experience they prefer them to assafætida or strychnia in obstinate cases of flatulence or tympanites.

MURRAY'S CHARCOAL TABLETS can be sent by mail on receipt of the price, 25 cents, by addressing

Jersey Homes his Specialty

Investors Find William E. Taylor a Good Man to Deal With.

William E. Taylor, prominent as a specialist in New Jersey land, is offering rare bargains in Hackensack property. His offices, in No. 123 Liberty Street, Manhattan, are filled daily by home seekers and investors anxious to take advantage of the easy terms on which nearly all of his sales are made. Mr. Taylor's offerings in the Hackensack section include a brick-yard of twenty acres, in a most desirable location, and the Dundee Race Track. This last property consists of 104 acres, and has a fast one-mile track.

Mr. Taylor is widely known all over northern New Jersey as one of the most successful of auctioneers. Household goods, as well as town lots and houses, bring high prices at his sales, and his business

in this line is of increasing proportions.

Hackensack, to which Mr. Taylor is devoting much attention just now, is becoming widely known as an ideal home site. Good roads, good water, high-grade schools, churches and pleasing social life are attractions that serve to make it agreeable for newcomers.

A NEW JERSEY SUBURBAN FIRM.

Among suburban real estate firms, Taylor & Mac Donald, of No. 123 Liberty St., are representative of Central and Northern New Jersey, two of the finest sections of the State, in easy access of New York, and desirable as home sections for the best classes of commuters.

The northern section, of which Hackensack is one of the prettiest spots, is the home of Mr. Taylor, and it is much through his efforts that the town has become what it is—an attractive place of some ten thousand people, with every im-

provement, paved streets, sewers, water, etc.

The central section, in which Plainfield is situated, is the home of Mr. Mac-Donald, who is enthusiastic over the advantages it offers to commuters and others, its quick and perfect train service, its trolleys and its many improvements.

NOTE.

The editor and publisher of Tillotson's Englewood and Northern Valley Directory have endeavored by all means possible to make it complete, accurate and reliable.

They will be pleased if friends of the work will call their attention to all errors and omissions so that they may be rectified in future

editions.

In a few cases names and occupations, home and business addresses have been refused for reasons best known to the parties themselves. Under such circumstances it has been impossible for the canvassers to always obtain the proper information.

The contractions and abreviations are so simple as to require no

explanation.

The asterisks (*) used before names denote that the individuals are young men and women between eighteen and twenty-one years of age.

Englewood City Street Directory.

Englewood is divided into four Wards.

The First Ward is bounded on the north by Tenafly Borough, on the east by Englewood Cliffs Borough, on the south by Palisade Avenue and on the west by the Northern R. R.

The Second Ward is bounded on the north by Palisade Avenue, on the east by Englewood Cliffs, on the south by Leonia Borough, and on the west by the Northern R. R.

The Third Ward is bounded on the north by Tenafly Borough, on the east by the Northern R. R., on the south by Palisade Avenue and on the west by Teaneck Borough.

The Fourth Ward is bounded on the north by Palisade Avenue, on the east by the Northern R. R., on the south by Leonia Borough and on the west by Teaneck Borough.

A few of the avenues and streets which cross the ward boundary lines are sometimes called north and south or east and west as the case may be, but the custom is hardly a general one.
